Paradise Town

February 2018

Mayor

The Council has appointed Lee Atwood as the Mayor of Paradise for the next two years. He will do a wonderful job and we are excited to work with him as Mayor! He can be contacted at mayor@paradise.utah.gov

Cache Valley Rendezvous

You'll have a blast at the Cache Valley Cowboy Rendezvous March 2nd – 4th in Hyrum! Don't miss concert headliners Billy Dean and Dave Stamey, and three stages of free western entertainment, vendors, family dance, dutch oven cooking, kid's corral, and more!

For details go to: www.cvcowboy.org

Spurs and chaps are optional!

Dog and Business Licenses have expired!

All dog and business licenses issued in 2017 have expired. Please contact Alyssa at the Office if you have any questions concerning business licenses.

The Annual Dog Clinic will be held **FEBRUARY 24, 2018** at the town shed behind the Cracker Barrel. Veterinarian Clay Robinson will be at the Clinic offering vaccinations at a discounted rate. After February 24, the dog licenses will double in price, so get those dogs licensed now and save some money!

If your dogs don't need any vaccinations, stop by the Office and Alyssa can get you a license and tag for your dog.

Paradise Ladies Exercise Group

Paradise Ladies' Exercise group meets every Wednesday from 8:45-9:30 am in the Paradise North Church gym. They do 30 min of aerobics and then weights and abs. The group is free of charge! Bring an exercise mat or small blanket and some weights.

Bring your kiddos along to play!

If you have any questions, contact Amber Parkinson (435) 279-6425

HYRUM SENIOR CENTER

For information on the Hyrum Senior Center please call or email Alyssa and she can get you a Complete Schedule of the upcoming month's activities.

The Hyrum Senior Center welcomes Paradise Seniors to participate in any activities or lunches/meals.

To call them directly, call 435-245-3570

Trout and Berry Days 2018

We will be sending out Applications for Booths at the 2018 Trout and Berry Days over the next few weeks. If you would like to be a vendor at Trout and Berry Days this year, please let Alyssa know and she can get you an application!

Fire Department Message

Flood Safety

Floods can happen everywhere, making them one of the country's most common natural disasters.

Before

- Check to see if you have flood insurance coverage.
- Raise your furnace, water heater, or electrical panel if they are in areas of your home that may be flooded.
- Install "check valves" in sewer traps.
- Construct barriers, such as levees, berms, or flood walls, to stop floodwater from entering the building.
- Seal walls in basements with waterproofing compounds.
- During a flood or flash flood watch, be prepared to evacuate, including fill your car's gas tank; bring in outside furniture; move valuables to high points in your home; and unplug electrical appliances and move them to high points.
- During a flood warning, evacuate if you are so advised.
- During a flash flood warning, immediately seek higher ground.
- Keep your emergency supplies kit, including water, stored in an easily accessible, waterproof place.

During

- If time allows, call someone to let them know where you are going, and check with neighbors who may need a ride.
- Stay out of flood waters, if possible. Even water only several inches deep can be dangerous. If you have to walk through water, use a stick to check the firmness of the ground ahead of you. Avoid moving water.
- Do not drive into flooded areas. If your car becomes surrounded by rising water, get out quickly and move to higher ground.
- Stay away from downed power lines.

After

- Do not return home until local authorities say it is safe to do so.
- Do not eat or drink or cook with your tap water until local authorities say it is safe.
- Avoid floodwaters, which could be contaminated or electrically charged.
- Watch out for areas in which the floodwaters may have receded, leaving weakened roadways.
- Be extra careful when entering buildings that may have hidden structural damage.
- Clean and disinfect everything that got wet.
- Service damaged septic tanks, cesspools, pits, and leaching systems as soon as possible. Damaged sewer systems are a serious health hazard.

*We want to thank the Fire Department for these monthly messages. They are full of useful tips and information!
